***The new
Citymaster 400
The power of small***

*Multifunctional implement carrier
and sweeper*

Small and comfortable

A blade of grass, a leaf, a snowflake or a grain of sand – alone they are no problem, but in large quantities they are a task for the new Citymaster 400. The machine has been designed to carry out versatile short jobs in outdoor areas around buildings. Equipped with all-wheel drive, articulated steering and full suspension, the new Citymaster 400 is not only highly manoeuvrable and suitable for all-season use but also ensures safe and comfortable working – and is ready to reliably complete your tasks.

The new Citymaster 400 – your small, flexible service provider.
The power of small – compact without being cramped.
Your new comfortable workplace.

Flexible for all-season use thanks to tool-free attachment changing.

Your benefits for safe and comfortable working:

- Spacious safety cabin with heating and air conditioning*
- Height and tilt adjustable steering wheel
- Air-suspension comfort seat*
- Individually adjustable control armrest
- Tool-free, back-friendly changing of attachments
- Quiet, low-emission petrol engine
- True-to-track, symmetrical steering system
- Full-suspension chassis with all-wheel drive and independent suspension
- Working lights all round*
- Reversing and suction duct camera*

* optional
